---

## Professional Summary

Passionate animation programmer and technical animator with expertise in creating cutting-edge animation systems, procedural animation tools, and performative animation pipelines. Specialized in bridging the gap between artistic vision and technical implementation.

---

## Core Skills

**Programming Languages:** Python, C#, C++

**Game Engines:** Unreal Engine, Unity

**3D Software:** Blender, Maya, ZBrush, Houdini, MotionBuilder, Cascadeur

**Design Tools:** Photoshop, Substance Painter, Marvelous Designer

**Specializations:** VFX, Rigging, Game Audio, Animation Systems

**Audio:** FL Studio

---

## Professional Experience

### Animation Programmer & Plugin Developer

**Rifflix** | 2025 - 2026

- Developed animation tools and pipelines that were used to make an automated episode generation system using AI in Unreal Engine
- Created innovative solutions for AI-driven content generation
- Implemented cutting-edge animation workflows

### Lead Animation Director & Lead Gameplay and AI Programmer

**Shader Labs** | 2023 - 2025

- Developed animation tools and pipelines, implemented runtime animation systems
- Made AAA quality animations for the Game 'Baoli'
- Led animation direction and gameplay programming initiatives
- Integrated AI systems for enhanced gameplay experiences

## Specialist Instructor

### India Game Lab | 2024 - 2025

- Instructed character rigging and animation in Blender, Cascadeur & Unreal Engine
  - Taught animation production with technical solutions
  - Mentored students in advanced animation techniques
  - Developed curriculum for technical animation courses
- 

## Education

### Professional Certificate - Unreal Engine Generalist

#### India Game Lab | 2022 - 2024

- Specialized in Unreal Engine, C++, Blueprint, Python
- Advanced training in Lighting, Clothing, Multiplayer, Sound design
- Expertise in VFX, Texturing, Modeling, and Animation

### Certificate Program - Programming

#### Various Courses | 2019 - 2022

- Completed CS50, CS50X, CS50G and various other programming courses
- Built strong foundation in computer science fundamentals
- Developed proficiency in multiple programming languages

### Bachelor of Commerce - BCom, Accounts

#### Babasaheb Bhimrao Ambedkar Bihar University | 2023 - 2026

- Pursuing BCom in Accounts
  - Balancing technical expertise with business acumen
- 

## Recognition & Awards

### Baoli Featured at India Game Utsav 2025

#### ShaderLabs | 2025

- Baoli, the game I worked on, was featured at India Game Utsav 2025
- Contributed to a nationally recognized gaming project

### Best Instructor of the Year

#### India Game Lab | 2024

- Awarded for having the Most Impact on Students
- Recognized for excellence in technical animation education

## Innovation in Animation Technology with AI

**Rifflix** | 2025

- Honored for developing cutting-edge tools and workflows for animation production with AI
  - Recognized for pioneering work in AI-driven animation systems
- 

## Technical Expertise

### Animation Systems:

- Procedural animation development
- Runtime animation systems
- Character rigging and setup
- Optimized motion matching solutions
- Physics-based animations

### Programming:

- C++ for Unreal Engine
- Python scripting and automation
- Blueprint visual scripting
- Plugin development
- AI integration

### Pipeline Development:

- Animation tool creation
  - Workflow optimization
  - Automated rigging systems
  - Content generation pipelines
  - Quality assurance systems
-
